NEW 1955 ONCOBREDS

By C. G. WHITE

WE are pleased to have five new oncobreds to introduce for C. G. White, the foremost breeder in all the world of this group of iris.

- JALLAH ad DIN (White)**—A broad bicolor done in browns. Standards tan, falls brown with fine tan border, beard very dark brown; and the whole flower, especially the falls, penciled, stippled and splashed darker brown. Oncobred.\$15.00
- HARIB PASHA (White)**—This bicolor of cool colors from violet to black has a rich onco-pattern with veins, stipples and signal. Frail grower.....\$10.00
- JABAL KERAK (White)**—Greenish white standards, lemon falls and a purple signal give this oncobred a unique color pattern.\$20.00
- KALIFA HIRFA (White)**—This oncobred bicolor has lavender gray standards and old gold falls splashed with purple.\$10.00
- KALIFA BUDDOOK (White)**—This frail plant produces this charming lavender-violet bicolor bloom with purple veining and signal.\$15.00
- KALIFA BALTIS (White)**—More vigorous than most is this bicolor of buff and olive buff with Bordeaux beard and signal. A richly patterned and elegant golden brown flower. It's a real novelty and one of my favorites. Few plants to offer.....\$25.00
- KALIFA GULNARE (White)**—This huge oncobred is most unusual. It's a new color combination for amoena-variegata-bicolors. Standards are palest lavender and falls are rose with a deeper signal and with a golden buff edge. Style branches are golden buff. Unusually beautiful, vigorous and fertile. Few plants to offer.....\$25.00
- KRIM AGA (White)**—Violet standards and onion skin pink falls splashed corinthian red.....\$10.00
- TATAI PASHA (White)**—A big vigorous yellow oncobred with falls marked with penciling of russet and a brown signal.....\$10.00

C. G. White breeding stock offer. See page 15

NEW 1955 ONCOBREDS

By TOM CRAIG

- MOONCHILD (Craig)**—Novelty and charm mark this delightful amethyst grey border iris. Vigorous, floriferous and prolific, it has exceptional garden value. This dainty charmer is like a perfectly proportioned tall bearded iris in miniature. From its onco blood comes its full form, delicate pastel greys and blended mulberry signal which combined with a wirey stem make it tops for arrangements (Moongoddess x lb mac)\$10.00
- NEVERMOHR (Craig)**—This dark violet Mohr giant is a fine broad full flower, and blooms so heavily it's tops for a black mass in the garden. 44" Purissima x Capitola.\$20.00
- PEACH SHERBET (Craig)**—This fine broad peach pastel flower from onco-pink bud breeding stands up in all weather and blooms profusely. Its different. 30" (Bl. ox) x (Mt. Wash. x Fl. Zenor) x (L. Mohr x Pink Seedl.)\$10.00

NEW 1955 IRIS by MRS. W. J. HINKLE

Mrs. Hinkle's blue and white iris caused a sensation in the Harris garden during the 1954 A. I. S. convention. As I saw them each day my conviction grew that there are no finer blue or white iris than the two we have selected to introduce for her now.

REGINA MARIA (Hinkle) The exceptional full form and elegant smoothness place this huge flaring medium blue ahead of all others in this color class. The stem is nicely branched and a one year clump drew the largest crowds. It was probably the most coveted iris at the 1954 convention. Limited stock.\$25.00

STAR-CROSS'D (Hinkle) This extremely handsome large ruffled flaring white is remarkably pure and has every good quality.\$20.00

NEW 1955 TALL BEARDED IRIS By TOM CRAIG

BANG (Craig) This big rich bright red made a real BANG in the Harris garden at the Salt Lake City convention. As No. 53-2 it was much coveted. Very limited stock. Savage x (Cordovan x Molten). 38"\$25.00

BEARDED LADY (Craig) This huge ruffled bright orchid plicata fancy blooms over a long period in the spring and again in the fall. Its color has unusual carrying power and garden value. It is a HORNED iris; the largest and best of this type now in commerce. Some of its flowers have frilled horns 2" long. (Joseph's Mantle x Novelty) x Heatherlands. 38"\$20.00

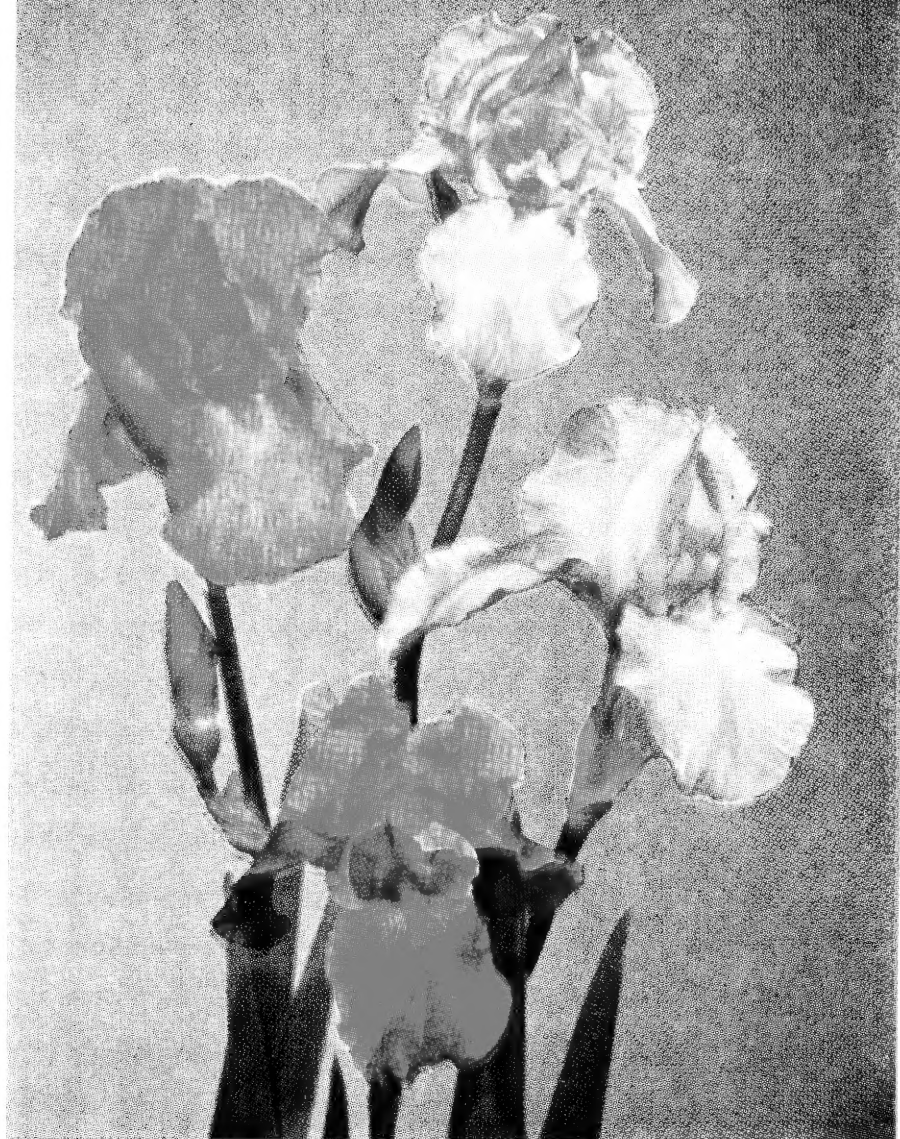

BEAU CATCHER (Craig) For beauty of flower or for mass effect BEAUCATCHER is hard to match. Full ruffled flamingo pink flowers of toughest texture are nicely spaced on 36" stems. It blooms profusely over a long period in spring and again in fall. It increases rapidly. Hall 44-05 x Cupid's Dart.....\$15.00

DUAL (Craig) Bicolor or neglecta flowers are much sought for by gardeners and breeders. This one is rich in color grows very well and seeds easily. (Moon Goddess x Regal Robe) 24"\$10.00

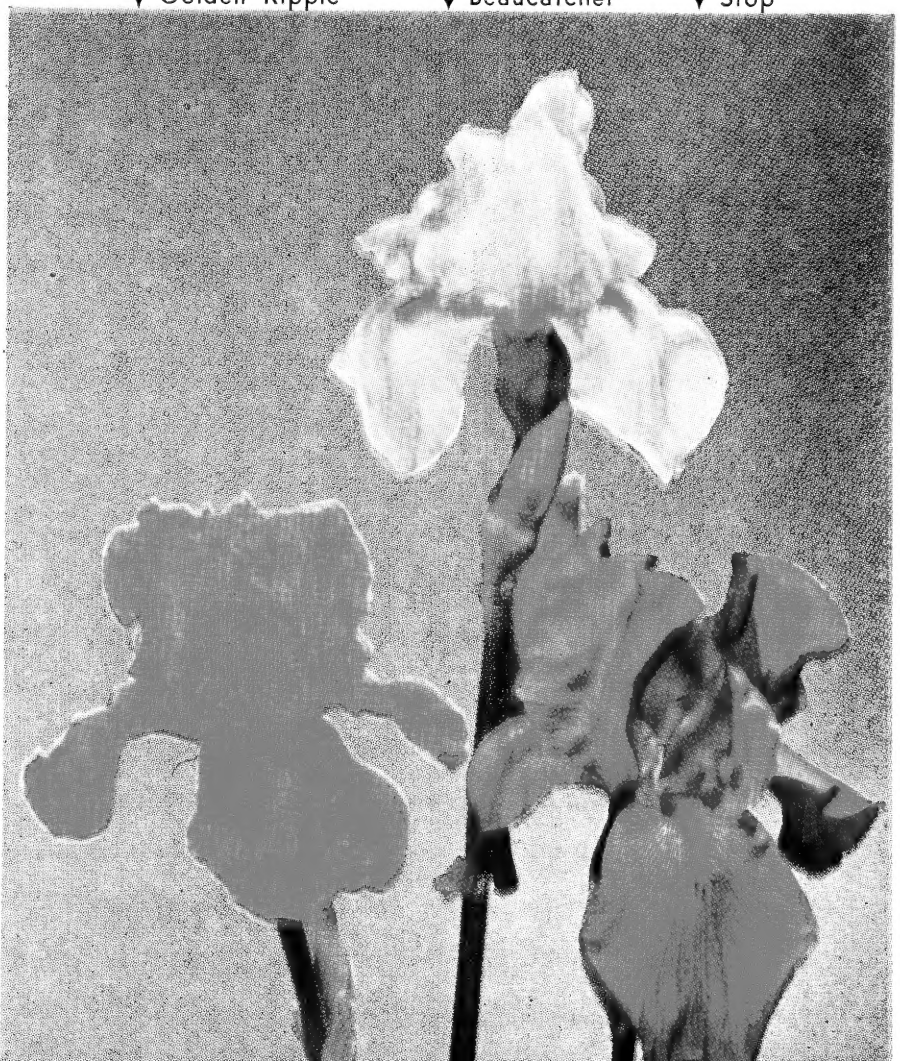

GOLDEN RIPPLE (Craig) Born on perfect 40" stems are big broad heavy substantanced golden yellow flowers with an elegant flair and ruffle. Cascade Splendor x Summer Sun\$10.00

STOP (Craig) This big blood red flower is born on extremely well branched 40" stems. It holds up in all weather. (Mexico x Molten)\$15.00

TOM-TOM (Craig) This is not only the most spectacular blended variegata but is unusually vigorous; a most valuable trait in a color class where vigor is commonly lacking. ((Ball Gown sib) x (Naranja x Pr. Sunset) x (Tob. Boad)) 32"\$20.00

C. G. WHITE ONCO & ONCOBRED SEEDLINGS

We are lucky to have a limited supply of oncocyclus and oncobred breeding stock to offer from Clarence White's garden. Nothing comparable is for sale anywhere else. Only those who have experience with oncos or want to gamble on plants not easy to grow should buy this collection. No pedigrees given. Many of these clons produce very small rhizomes. Don't ask for special colors or types. Limit 10 plants to a customer5 plants for \$5.00

CRAIG'S BREEDING COLLECTION

With pedigree: 5 plants for \$4.50

ONCOBREDS, MOHR HYBRIDS, TANGERINE BEARDED PINKS, HOT REDS, PLICATA FANCIES, etc. With Mr. White we have, in these selected seedlings, the best oncobred and Mohr hybrids in existence. Our selected tangerine bearded pinks are tops. Our plicatas display unbelievable quality and variety. Special emphasis has been placed in securing fine reds, and also in selecting for types that bloom twice a year.

From countless thousands of different seedlings we have selected only dozens. All but a few of these top selected seedlings will go into this breeding collection. We can't introduce them all.

These seedlings will be sent with pedigree attached. Only beautiful and high quality flowers reach this advanced stage of selection, so you will have lovely things for your own, exclusive clons. State your special interest with order. For seedlings **without pedigree, deduct 25%**. No more than two collections to a customer.

"MOSTEST" FOR YOUR MONEY

With lots of fertile land and perfect climate we produce vast numbers of plants. Our wholesale customers take hundreds of thousands of them. Why don't you take advantage of this cheap mass production?

Here's the way to buy top grade rhizomes at impressively low prices for you folks who want to spread a dollar over a lot of ground.

Stock of oncobreds is very limited and most of the world's stock is grown here. Therefore, we would like you to indicate acceptable substitutes, especially when ordering late. We always sell out of some varieties. On the above offers we are sure to sell very low. Most oncobreds produce comparatively small rhizomes, especially hybrids close to the oncocyclis species.

NEW 1955 DAYLILIES

By R. W. WHEELER

I'm pleased and very proud that the outstanding daylily breeder, Ralph Wheeler, is turning over his finest daylily creations to me for introduction. In our garden Wheeler lilies are supreme for novel variety of form and color. More important is the fact that no group of daylilies we have tested produces flowers so abundantly over so long a period.

Wheeler Package Offer—\$20.00 net will buy our customers one each of the following Wheeler creations if the order is placed by June 10th. One order to a customer. Order early; we expect a sell out. This season these varieties are not available elsewhere at any price.

CHIMERA (WHEELER 8-57-3)—A golden yellow lily of immense size and novel form. It opens wide with recurved petal tips and twisted sepals. Graceful and airy with a light tan halo. Ev. 40"\$15.00

PORTRAIT (WHEELER m6-1-27)—Mr. Wheeler favors this lily for its novel pattern. The yellow throat color extends down the center of sepal and petal to their tips forming a striking 6 pointed star of gold on purple ground. Ev.\$10.00

RENAISSANCE (WHEELER m1-5-6)—A huge rich golden yellow of sensationally beautiful full flat form and ripple creped texture. Ev. 36"\$25.00

SALAMANDER (WHEELER 9-63-2)—This luscious crushed raspberry lily gives a new variation in color. The form is flat full and triangular. This flower reaches its peak of beauty after hours in the full sun. Ev. 30"\$10.00

1955 CRAIG DAYLILY INTRODUCTIONS

ATTACK (CRAIG)—This big bright pompeian to cardinal red grows like a weed, proliferates, and flowers for months. Ev. 30"\$5.00

DARK KNIGHT (CRAIG)—A big floriferous velvety dark that looks fine in the garden for months. De. 40"\$5.00

GOLD MINE (CRAIG)—A lush golden apricot with a rosy wash on mid-petal. This flower is novel and of exceptional quality. It's big, heavy, full and nicely creped. Ev. 30". Fall delivery.....\$25.00

MOONLIGHT TRYST (CRAIG)—A very broad and lightly ruffled pale lemon nightlily of highest quality. Ev. 24". Fall delivery\$20.00

PINK GLAZE (CRAIG)—A bright pink medium sized flower with a chartreuse throat. Blooms over a long period. Ev. 24"\$10.00
